~VERDEJO~

DENOMINACIÓN
DE ORIGEN

Varietal:- 100% Verdejo

Region:- Rueda

Vineyards:- Old bush vines. No irrigation, planted in sandy, limestone soils rich in calcium and magnesium with high pebble content. Well drained and aired. Gravelly soils are the best soils for the Verdejo grape varietal..

Winemaking:- Hand harvest early morning. Cool initial maceration, press and fermentation at cool temperatures. No oak.

Tasting notes:- Crisp, fresh and extremely aromatic dry white that expresses all the character and elegance of the Rueda region. Light straw colour with slight green hints reflects its youth. On the palate, it is intense, and bright with good well balanced acidity.
